

1110 FA

FULLY AUTOMATIC SHEET TO SHEET LAMINATING/MOUNTING MACHINE

The Lamina 1110 FA is a highly accurate sheet to sheet fully automatic laminating/ mounting machine. The machine is specially developed to manage maximum 1100 x 1050 mm material. By its compact construction it has a short set-up time and is easy to operate.

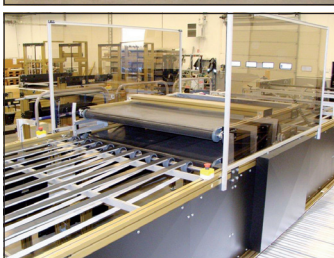

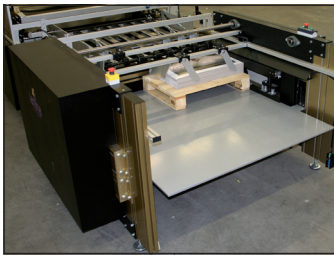

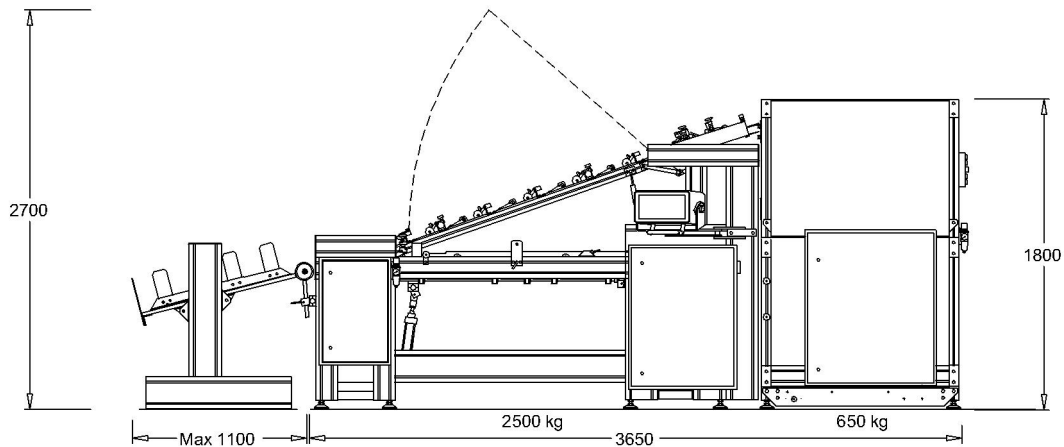

The machine is designed using a highly durable, rigid framework of structural extruded aluminium profiles. This design results in an attractive unit with hard wearing surfaces that will keep its finish for years.

A number of options such as Single Face Feeder, Down Stacker, Flip-Flop, Pressure Belt etc. can be added whenever required.
