

# 1116–1620 FA FEEDER 1600/800

FULLY AUTOMATIC SHEET TO SHEET LAMINATING/MOUNTING MACHINE

The Lamina FA 1600/800 is a fully automatic sheet to sheet laminating/mounting machine designed for one operator. The machine model is constructed with high capacity feeders for top and bottom sheets that can be reloaded directly on pallets.

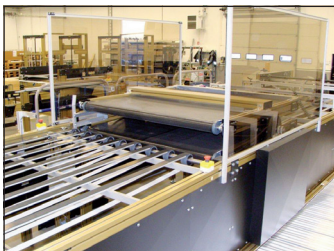

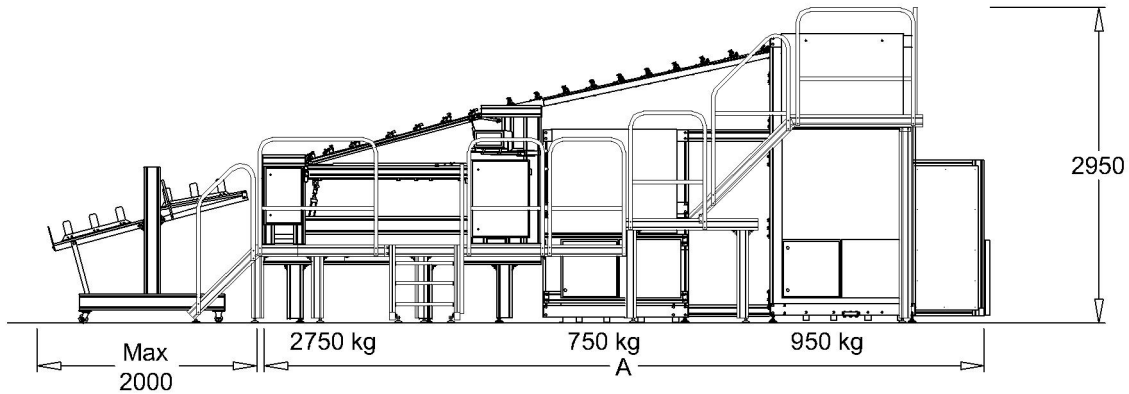

Because of the compact construction it is a very operator friendly machine with short setups and easy handling. The machine can handle most of the material on the market with a high output and perfect registration.

Lamina FA can be upgraded with several options such as Pressure Belt, Downstacker, Single Face Feeder etc.
